

## Philosophy

The philosophy of Perkiomen Animal Hospital's staff is to provide the highest quality care and service for your pets. Our goal is to help our clients become better educated on the health and preventive care of their pets. We understand your pet is a big part of the family and we share in your compassion and love for them. We encourage you to call us with any questions. Feel free to stop in and tour our facility and boarding kennel. We value your comments and suggestions and encourage you to share them with us!

## Accreditation

The American Animal Hospital Association (AAHA) is the gold standard today for accrediting veterinary hospitals. Perkiomen Animal Hospital has been accredited since 1992. To achieve this distinction, the hospital voluntarily participates in a very comprehensive quality assessment of our medicine, standard of care, facility, equipment, and training. We proudly display our AAHA accreditation as a demonstration of the determination of our entire health care team. Less than 15 percent of veterinary hospitals are accredited.

## Veterinary Services

Wellness Examinations  
Surgical and Dental Procedures  
Radiology  
Emergency Exams  
Ultrasound  
Laboratory Analysis  
Hospitalization  
Laser Therapy  
In house Pharmacy  
Prescription Diets  
Nutritional Counseling  
Boarding  
Heartworm and Flea Medications  
Microchip Identification

Regular wellness examinations are the foundation to helping pets live longer, healthier, and happier lives. Wellness care covers far more than vaccinations; it also includes preventive care such as heartworm and intestinal parasite testing, nose-to-tail exams and comprehensive evaluations of overall health.

## Health Care Team

Our health care team is comprised of compassionate, highly trained veterinarians supported by certified veterinary technicians, assistants, and client service representatives. Please feel free to contact us any time. We are here for you with any questions or concerns you may have about your pets.

## Emergency Service

After hours calls are handled by our answering service where your message and phone number are forwarded to the veterinarian on call. Your call will be returned as soon as possible.

## Online Access

Online access to your pet's health information, vaccine status, and reminders 24/7 using a secure, private website. You can request an appointment, refill a prescription, or check due dates for your pet's next exam or vaccines. Should you ever need documentation of your pet's vaccines or wish to update your information, you can do that right through your private portal.

## State of the Art Surgery & Dental Suites

We perform a complete array of surgical and dental procedures in our modern, fully-equipped surgical suite. All pets are thoroughly examined on the morning of their procedure prior to receiving anesthesia. Bloodwork is required before most procedures are performed and every patient is completely monitored during and after their procedure.

## Boarding Accommodations

We can accommodate cats and dogs of all sizes. Each pet has his/her own ample indoor space complete with soft blankets and towels. Our guests enjoy plenty of time to stretch and exercise throughout the day. Dogs are walked in our fenced-in yard four to five times daily.

Cats can play with our various cat toys and roam around the enclosed feline boarding area individually.

We also offer accommodations for pets who require medical care during their time here. These pets stay in our treatment area wards and are constantly supervised by technicians and other staff during hospital hours.
