

Check in and Check out

Pets may be checked in or checked out during regular hospital hours. In addition pets may also be checked out on Saturday evenings between 5:30 PM—6:00 PM and Sundays 8:30 AM—9:00 AM and 5:30 PM—6:00 PM.

It is of the utmost importance that you leave a contact number as well as the name and number of an alternate person on the boarding information sheet at the time of check in. We request this so that we may be in touch with someone in case of an emergency. This ensures peace of mind for everyone.

Cancellation Policy

If you will be unable to keep your boarding reservation, we ask that you provide us with at least 48 hours notice so that we may give your reservation to another client. We thank you for your understanding.

Our Commitment

We provide boarding for your pet in our clean, well ventilated kennel. Dogs are handwalked outside several times a day. We maintain a strict “no flea” policy and check for fleas before admitting any pet to our facility. Any pet deemed to have a severe flea infestation will be treated with appropriate charges incurred. Pets must also be up to date on vaccinations for everyone’s protection. In addition, we recommend a bath before your pet goes home. Pets staying with us for more than a week would receive a complimentary bath.

Boarding Information

Your pet's home away
from home.

Tel. (215) 679-7019

Accommodations

We can accommodate cats and dogs of all sizes. Each pet has his/her own ample indoor space complete with soft blankets and towels.

Our guests enjoy plenty of time to stretch and exercise throughout the day. Dogs are walked in our fenced-in yard four to five times daily. Cats can play with our various cat toys and roam around the enclosed feline boarding area individually.

We also offer accommodations for pets who require medical care during their time here. These pets stay in our Treatment Area Wards and are constantly supervised by technicians and other staff during hospital hours.

Fees

Boarding is similar to a hotel stay, in that the cost for each stay is determined by the number of nights your pet is with us. Boarding for pets needing special care, such as treatments, medications, insulin, etc. is available. Please call our office for pricing or other arrangements.

We also offer bathing for dogs who are staying with us. For dogs here with us at least 7 days this service is complimentary. Please let us know when scheduling your boarding appointment whether you would like to have your pet bathed while here with us. We are very proud of our boarding facility. We are exceptionally proud of our kennel staff, who are here 365 days per year to make certain your pet gets the care and attention that you have learned to expect from all of our staff. We invite you to ask for a tour of our kennel at any time.

Feeding Information

We have found over the years that pets tend to eat better when they arrive here with their own food. However, if you do not provide food for your pet's stay we use a premium food at no additional cost.

If you have any questions or wish to make a reservation, please call our office at (215) 679-7019.

Please Note:
Boarding space, especially during the summer and major holidays, fills up quickly. We recommend reserving a space as far in advance as possible.
